Gopal Makwana

Aspiring Software Engineer with hands-on experience in MERN stack development. Built and deployed full-stack web applications with focus on scalability, performance, and user experience. Actively improving problem-solving skills through Data Structures and Algorithms.

Ujjain, M.P. / gopalmakwanatech@gmail.com / *+91* 8959465264 / *LeetCode* / *GitHub* / *LinkedIn* / *GeeksforGeeks* /*Portfolio*

Technical Experience

Full-Stack Development

- Developed and deployed full-stack applications using MERN stack (React, Node.js, Express, MongoDB)
- Designed responsive UI and integrated backend APIs for seamless user experience
- Managed database operations using MongoDB and handled dynamic data efficiently

Data Structures & Algorithms

- Practicing DSA problems on LeetCode and GeeksforGeeks focusing on arrays, linked lists, trees, and problem-solving techniques
- Strengthening understanding of time complexity, optimization, and coding patterns

Version Control

- Familiar with Git and GitHub for code management, version tracking, and collaboration

Cloud (AWS)

Basic understanding of AWS services including EC2, S3, and IAM
Explored instance setup and deployment concepts in cloud environments

Skills

- **Programming Languages:** C++, JavaScript
- **Frontend:** HTML, CSS, React
- **Backend:** Node.js, Express.js, REST API Development
- **Databases:** MongoDB
- **Tools and IDE:** Git, GitHub, Vercel (Frontend), Railway (Backend)
- **Cloud :** AWS (EC2, S3, IAM – basics)

Projects

Temple Management Web Application (Full Stack) **Live** GitHub

- Built and deployed a full-stack web application using MERN stack (React, Node.js, Express, MongoDB)
- Implemented secure donation system and REST API integration
- Designed responsive UI with multi-language support (Hindi & English)
- Managed MongoDB database and deployed on Vercel (frontend) & Railway (backend)

Experience

Web Development Intern (MERN Stack)
MXPERTZ Infolabs, Indore
Oct 2025 – Dec 2025

- Developed responsive and user-friendly web interfaces using React
- Built and maintained full-stack applications using Node.js, Express, and MongoDB
- Integrated REST APIs for dynamic data handling across the application
- Improved application performance and fixed bugs through code optimization

Education

VIT Bhopal University
Integrated M.Tech in Computer Science — Aug 2022 – March 2027

- **Current CGPA :** 7.71

Chaitanya Keerti School , Class XII (MP Board) — July 2021 – March 2022

- **Percentage:** 78.8%

Class X (MP Board) – 88.33% — July 2019 – March 2020
