

GOPAL MAKWANA

Full Stack Developer | MERN Stack | DSA Enthusiast

+91 8959465264 | gopalmakwanatech@gmail.com | [LinkedIn](#) | [GitHub](#) | [LeetCode](#) | [Codeforces](#) | [Portfolio](#)

TECHNICAL SKILLS

Languages: C++, JavaScript, Python

Frontend: React.js, HTML5, CSS3, Tailwind CSS, Responsive Design

Backend: Node.js, Express.js, REST APIs

Database: MongoDB

Tools & Platforms: Git, GitHub, Vercel, Railway, VS Code

Concepts: Data Structures & Algorithms, OOP, MVC Architecture, AWS Basics (S3, EC2)

PROJECTS

Temple Management Web Application | React · Node.js · Express.js · MongoDB

[GitHub](#) [Live](#)

- Built a MERN stack app to manage temple operations — donation records, event listings, and devotee information; deployed frontend on Vercel and backend on Railway.
- Implemented dual-language support (Hindi & English) with dynamic language switching for improved user accessibility.
- Designed RESTful APIs using Express.js with MongoDB, added form validation and a donation submission flow with real-time confirmation feedback.

Password Manager | React · Node.js · Express.js · MongoDB · bcrypt · JWT

- Built a secure full-stack credential manager with JWT-based authentication and bcrypt password hashing; credentials stored encrypted and never returned in plain text.
- Designed a React UI with clipboard copy, password visibility toggle, and category-based filtering of saved credentials.

End-to-End Invoicing & Billing Web Application | React · Node.js · Express.js · MongoDB

- Developed a MERN stack invoicing platform for creating, editing, and tracking invoices and client records with payment status.
- Built RESTful APIs for invoice and client CRUD operations and implemented a React dashboard with billing status tracking and user authentication.

EXPERIENCE

Web Development Intern — MXPERTZ Infolabs

Sep 2025 – Dec 2025

- Developed responsive React UIs for client-facing web applications and integrated frontend components with backend REST APIs built using Node.js and Express.js.
- Participated in team code reviews, resolved bugs in existing modules, and followed Agile workflows throughout the internship.

CERTIFICATIONS

Applied Machine Learning in Python — University of Michigan, Coursera

Jan 2024

Python Essentials — VITYarthi, VIT Bhopal University

Feb 2023

EDUCATION

Integrated M.Tech in Computer Science & Engineering

2022 – 2027

VIT Bhopal University, Bhopal, M.P. | CGPA: 7.75

Class XII (MP Board) | Percentage: 78.8%

June 2021 – April 2022

Class X (MP Board) | Percentage: 88.33%

June 2019 – July 2020

Chaitanya Keerti School Roopakhedi, Ujjain M.P.
